Title of the Program Integrated MA in Anthropology/

BA & MA in Anthropology

[4 years BA Program under NEP 2020, implemented in the year 2022]

Mission Statement

“Anthropology is both the most scientific of the humanities and the most humanistic of the sciences.”- Eric Wolf (1964). 21st century finds anthropology as a futuristic subject in its visions of culture, and sustainable development approaches. The holistic approach of Anthropology encompasses diversified domains of knowledge on the human communities, and their interactions. This program will train students to understand the diversified knowledge domain of this subject and as well as will encourage students to explore human and natural environment friendly knowledge through studies and research.

Teaching and Learning Outcome of the Program This program aims at teaching concepts of all domains of Anthropology. Students will be trained to ethnographic field Studies as well as survey techniques to practice the knowledge of the subject at its best possible way.
